1. Identification

Product identifier: HP Concrete Cold Patch

Other means of identification: None.

Recommended use: Pavement Patching and Repair

Recommended restrictions: None known.

Manufacturer/Importer/Supplier/Distributor information

Company Name: ErgonArmor, a division of Ergon Asphalt & Emulsions, Inc.
Address: 2829 Lakeland Drive
Jackson, MS 39232
USA

After hours telephone number: 1-800-222-7122
Normal work hours telephone number: 1-877-982-7667
Website: www.ergonarmor.com
E-mail: sds@ergon.com
Emergency 24-hour telephone number: CHEMTREC: North America 1-800-424-9300 International 1-800-527-3887

Information on operation hours: 8:00 a.m. to 5:00 p.m.

2. Hazard(s) identification

Physical hazards: Not classified.

Health hazards: Not classified.

Environmental hazards: Not classified.

OSHA defined hazards: Combustible dust

*Hazards not stated here are "Not classified", "Not applicable" or "Classification not possible".

Label elements

Hazard symbol: None.
Signal word: Not applicable.
Hazard statement: Not applicable.

Precautionary statement

Prevention: Not applicable.
Response: Not applicable.
Storage: Not applicable.
Disposal: Not applicable.

Hazard(s) not otherwise classified (HNOC): None known.

Supplemental information: None.

3. Composition/information on ingredients

Mixtures

Material name: HP Concrete Cold Patch

5597 Version #: 01 Issue date: 12-28-2016
### 4. First-aid measures

**Inhalation**
If breathing is difficult, remove to fresh air and keep at rest in a position comfortable for breathing. Oxygen or artificial respiration if needed. Do not use mouth-to-mouth method if victim inhaled the substance. Induce artificial respiration with the aid of a pocket mask equipped with a one-way valve or other proper respiratory medical device. Get medical attention, if needed.

**Skin contact**
Immediately flush skin with plenty of water. Wash off with soap and plenty of water. Get medical attention if irritation develops and persists. Wash clothing separately before reuse.

**Eye contact**
Immediately flush eyes with plenty of water for at least 15 minutes. If a contact lens is present, DO NOT delay irrigation or attempt to remove the lens. Continue rinsing. Get medical attention if irritation develops and persists.

**Ingestion**
Rinse mouth thoroughly. Do not induce vomiting without advice from poison control center. If vomiting occurs, keep head low so that stomach content doesn’t get into the lungs. Do not use mouth-to-mouth method if victim ingested the substance. Induce artificial respiration with the aid of a pocket mask equipped with a one-way valve or other proper respiratory medical device. If ingestion of a large amount does occur, call a poison control center immediately.

**Most important symptoms/effects, acute and delayed**
Symptoms may be delayed. Treat symptomatically.

**Indication of immediate medical attention and special treatment needed**
Use personal protective equipment appropriate for handling. Get medical attention if symptoms occur. Wash contaminated clothing before re-use.

### 5. Fire-fighting measures

**Suitable extinguishing media**

**Unsuitable extinguishing media**
Do not use a solid water stream as it may scatter and spread fire. Straight Streams of Water

**Specific hazards arising from the chemical**
Fire may produce irritating, corrosive and/or toxic gases.

**Special protective equipment and precautions for firefighters**
Wear full protective clothing, including helmet, self-contained positive pressure or pressure demand breathing apparatus, protective clothing and face mask. Structural firefighters protective clothing will only provide limited protection.

**Fire fighting equipment/instructions**
In case of fire and/or explosion do not breathe fumes. Firefighters must use standard protective equipment including flame retardant coat, helmet with face shield, gloves, rubber boots, and in enclosed spaces, SCBA. Move containers from fire area if you can do so without risk. In the event of fire, cool tanks with water spray. Water runoff can cause environmental damage.

**Specific methods**
In the event of fire and/or explosion do not breathe fumes. In the event of fire, cool tanks with water spray. Use water spray to cool unopened containers.

### 6. Accidental release measures

**Personal precautions, protective equipment and emergency procedures**
Wear appropriate protective equipment and clothing during clean-up. Ventilate closed spaces before entering them. Do not touch damaged containers or spilled material unless wearing appropriate protective clothing. Avoid inhalation of vapor, fumes, dust and/or mist from the spilled material. Avoid skin contact and inhalation of vapors during disposal of spills.

**Methods and materials for containment and cleaning up**
Sweep up or vacuum up spillage and collect in suitable container for disposal. Avoid dust formation. Following product recovery, flush area with water. Prevent product from entering drains.

**Environmental precautions**
No special environmental precautions required.

### 7. Handling and storage

**Precautions for safe handling**
Keep formation of airborne dusts to a minimum. Avoid breathing dust/fume/gas/mist/vapors/spray. Avoid contact with skin. Avoid contact with eyes. Use personal protective equipment as required. Avoid prolonged exposure. When using, do not eat, drink or smoke. Wash thoroughly after handling. Avoid release to the environment. Do not empty into drains.
Conditions for safe storage, including any incompatibilities

Keep away from heat and sources of ignition. Store in a well-ventilated place. Keep container tightly closed.

8. Exposure controls/personal protection

Occupational exposure limits

Biological limit values

No biological exposure limits noted for the ingredient(s).

Exposure guidelines

Occupational exposure to nuisance dust (total and respirable) and respirable crystalline silica should be monitored and controlled.

Appropriate engineering controls

Good general ventilation (typically 10 air changes per hour) should be used. Ventilation rates should be matched to conditions. If applicable, use process enclosures, local exhaust ventilation, or other engineering controls to maintain airborne levels below recommended exposure limits. If exposure limits have not been established, maintain airborne levels to an acceptable level. Ensure adequate ventilation, especially in confined areas.

Individual protection measures, such as personal protective equipment

Eye/face protection

Avoid contact with eyes. Wear safety glasses with side shields (or goggles).

Skin protection

Hand protection

Chemical resistant gloves are recommended. If contact with forearms is likely wear gauntlet style gloves.

Other

Wear chemical protective equipment that is specifically recommended by the manufacturer. Apron and long sleeves are recommended.
**Respiratory protection**
When workers are facing concentrations above the exposure limit they must use appropriate certified respirators.

**Thermal hazards**
Not available.

**General hygiene considerations**
When using do not smoke. Do not breathe dust. Avoid contact with eyes. Avoid contact with skin. Avoid contact with clothing. Wash hands before breaks and immediately after handling the product. Keep away from food and drink. Handle in accordance with good industrial hygiene and safety practice.

### 9. Physical and chemical properties

**Appearance**
Pellets.

**Physical state**
Solid.

**Form**
Solid.

**Color**
Grey.

**Odor**
Hydrocarbon-like.

**Odor threshold**
Not available.

**pH**
Not available.

**Melting point/freezing point**
Not available.

**Initial boiling point and boiling range**
Unknown

**Flash point**
> 200.0 °F (> 93.3 °C) Cleveland Open Cup

**Evaporation rate**
Not available.

**Flammability (solid, gas)**
Not available.

#### Upper/lower flammability or explosive limits

- **Flammability limit - lower (%)**
  0.7 % estimated
- **Flammability limit - upper (%)**
  5 % estimated
- **Explosive limit - lower (%)**
  Not available.
- **Explosive limit - upper (%)**
  Not available.

**Vapor pressure**
0.15 hPa estimated

**Vapor density**
Not available.

**Relative density**
Not available.

**Solubility(ies)**
- **Solubility (water)**
  Not available.
- **Partition coefficient (n-octanol/water)**
  Not available.

**Auto-ignition temperature**
Unknown

**Decomposition temperature**
Not available.

**Viscosity**
Not available.

**Other information**
- **Density**
  16.00 - 17.00 lb/gal
- **Percent volatile**
  < 2 %
- **Specific gravity**
  2

### 10. Stability and reactivity

**Reactivity**
The product is stable and non-reactive under normal conditions of use, storage and transport.

**Chemical stability**
Stable under normal temperature conditions.

**Possibility of hazardous reactions**
Hazardous polymerization does not occur.

**Conditions to avoid**
Not known.

**Incompatible materials**
Oxidizing materials.
Irritants. Upon decomposition, product emits acrid dense smoke with carbon dioxide, carbon monoxide, trace oxides of nitrogen and sulfur, and water.

### 11. Toxicological information

#### Information on likely routes of exposure

**Inhalation**
Inhalation of vapors/fumes generated by heating this product may cause respiratory irritation with throat discomfort, coughing or difficulty breathing.

**Skin contact**
Causes mild skin irritation.

**Eye contact**
Irritating to eyes.

**Ingestion**
May cause discomfort if swallowed.

**Symptoms related to the physical, chemical and toxicological characteristics**
Not available.

#### Information on toxicological effects

**Acute toxicity**
None known.

</tbody>
</table>

* Estimates for product may be based on additional component data not shown.

**Skin corrosion/irritation**
Not classified.

**Serious eye damage/eye irritation**
Causes eye irritation.

**Respiratory or skin sensitization**

**Respiratory sensitization**
Not classified.

**Skin sensitization**
Not classified. Irritating to skin.

**Germ cell mutagenicity**
No data available to indicate product or any components present at greater than 0.1% are mutagenic or genotoxic.

**Carcinogenicity**
This product contains components that may cause cancer, however, after formation this product is encapsulated and the normal routes of exposure are unavailable.

**IARC Monographs. Overall Evaluation of Carcinogenicity**

CARBON BLACK (CAS 1333-86-4) 2B Possibly carcinogenic to humans.

TITANIUM DIOXIDE (CAS 13463-67-7) 2B Possibly carcinogenic to humans.

**US. National Toxicology Program (NTP) Report on Carcinogens**
Not listed.

Not regulated.

**Reproductive toxicity**
Not classified.

**Specific target organ toxicity**

- single exposure
Not available.

- repeated exposure
Not available.

**Aspiration hazard**
Not available.

### 12. Ecological information

**Ecotoxicity**
Not expected to be harmful to aquatic organisms.
### HP Concrete Cold Patch

#### Aquatic
- **Species**: Fish
- **Test Results**: 
  - LC50: 193.2066 mg/l, 96 hours estimated

### Persistence and degradability
- Not available.

### Bioaccumulative potential
- Not available.

### Mobility in soil
- Not available.

### Other adverse effects
- Not available.

#### 13. Disposal considerations

- **Disposal instructions**: Dispose of contents/container in accordance with local/regional/national/international regulations. When this product as supplied is to be discarded as waste, it does not meet the definition of a RCRA waste under 40 CFR 261.

- **Hazardous waste code**: Not regulated.

- **Waste from residues / unused products**: Not available.

- **Contaminated packaging**: Offer rinsed packaging material to local recycling facilities.

#### 14. Transport information

- **DOT**: Not regulated as dangerous goods.

- **IATA**: Not regulated as dangerous goods.

- **IMDG**: Not regulated as dangerous goods.

- **Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code**: Not available.

#### 15. Regulatory information

- **US federal regulations**: This product is not known to be a "Hazardous Chemical" as defined by the OSHA Hazard Communication Standard, 29 CFR 1910.1200.

  - **TSCA Section 12(b) Export Notification (40 CFR 707, Subpt. D)**: Not regulated.
  - **CERCLA Hazardous Substance List (40 CFR 302.4)**: Not listed.

- **Superfund Amendments and Reauthorization Act of 1986 (SARA)**
  - **Hazard categories**: Immediate Hazard - Yes, Delayed Hazard - No, Fire Hazard - Yes, Pressure Hazard - No, Reactivity Hazard - No
  - **SARA 302 Extremely hazardous substance**: Not listed.
SARA 311/312
Hazardous chemical
No
SARA 313 (TRI reporting)
Not regulated.

Other federal regulations
Clean Air Act (CAA) Section 112 Hazardous Air Pollutants (HAPs) List
Not regulated.
Clean Air Act (CAA) Section 112(r) Accidental Release Prevention (40 CFR 68.130)
Not regulated.
Safe Drinking Water Act (SDWA)
Not regulated.

US state regulations
WARNING: This product contains a chemical known to the State of California to cause cancer.
