# SAFETY DATA SHEET

## 1. Identification

**Product identifier HIHMA 15% Concentrate** 

Other means of identification None.

Recommended use Concentrate for let down to 7.5% HIHMA.

**Recommended restrictions** None known.

Manufacturer/Importer/Supplier/Distributor information Ergon Asphalt & Emulsions, Inc. Manufacturer:

Address: 2829 Lakeland Drive

Jackson, MS 39232

Website: www.ergonasphalt.com

**Telephone:** 1-800-222-7122 (Customer Service)

E-mail: sds@ergon.com

24 hour Emergency

(CHEMTREC):

North America 1-800-424-9300; International 1-703-527-3887

## 2. Hazard(s) identification

**Physical hazards** Not classified. **Health hazards** Not classified. **Environmental hazards** Not classified. **OSHA** defined hazards Not classified.

**Label elements** 

**Hazard symbol** None. Signal word None.

**Hazard statement** The mixture does not meet the criteria for classification.

**Precautionary statement** 

**Prevention** Observe good industrial hygiene practices.

Response Wash hands after handling.

Store away from incompatible materials. **Storage** 

Disposal Dispose of waste and residues in accordance with local authority requirements.

Hazard(s) not otherwise

classified (HNOC)

Molten asphalt presents a thermal hazard.

**Supplemental information** Vapors containing hydrogen sulfide may accumulate during storage or transport. HYDROGEN

SULFIDE (H2S) can be harmful if inhaled.

## 3. Composition/information on ingredients

#### **Mixtures**

Chemical name	Common name and synonyms	CAS number	%
ASPHALT		8052-42-4	80 -100

# 4. First-aid measures

Inhalation If breathing is difficult, remove to fresh air and keep at rest in a position comfortable for breathing.

Call a physician if symptoms develop or persist.

Skin contact If clothing sticks to the skin, do not remove. Lotion or hand cream may aid in the removal of

asphalt. Wash contact areas with soap and water. If needed, seek medical attention.

Eye contact Immediately flush eyes with plenty of water for at least 15 minutes. Remove contact lenses, if

present and easy to do. Continue rinsing. Get medical attention if irritation develops and persists.

**Ingestion** Rinse mouth. DO NOT induce vomiting. Get medical attention immediately. If ingestion of a large

amount does occur, call a poison control center immediately.

Material name: HIHMA 15% Concentrate

Most important

symptoms/effects, acute and

delayed

Indication of immediate medical attention and special

treatment needed

Treat symptomatically.

General information

Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves.

# 5. Fire-fighting measures

Suitable extinguishing media

Unsuitable extinguishing

media

Foam. Dry chemical powder. Carbon dioxide (CO2).

Direct contact with eyes may cause temporary irritation.

Water. Do not use water jet as an extinguisher, as this will spread the fire.

Specific hazards arising from

the chemical

During fire, gases hazardous to health may be formed.

Special protective equipment and precautions for

firefighters
Fire fighting

Firefighters must use standard protective equipment including flame retardant coat, helmet with face shield, gloves, rubber boots, and in enclosed spaces, SCBA. Structural firefighters protective clothing will only provide limited protection.

equipment/instructions

ALWAYS stay away from tanks engulfed in flame. Fight fire from maximum distance or use unmanned hose holders or monitor nozzles. Move containers from fire area if you can do so without risk. In the event of fire, cool tanks with water spray.

**Specific methods** 

In the event of fire and/or explosion do not breathe fumes. In the event of fire, cool tanks with

water spray.

**General fire hazards** 

No unusual fire or explosion hazards noted.

## 6. Accidental release measures

Personal precautions, protective equipment and emergency procedures Keep unnecessary personnel away. Keep people away from and upwind of spill/leak. Keep out of low areas. Do not touch damaged containers or spilled material unless wearing appropriate protective clothing. Ventilate closed spaces before entering them. For personal protection, see section 8 of the SDS.

Methods and materials for containment and cleaning up

This product is miscible in water.

Large Spills: Stop the flow of material, if this is without risk. Dike the spilled material, where this is possible. Cover with plastic sheet to prevent spreading. Absorb in vermiculite, dry sand or earth and place into containers. Prevent entry into waterways, sewer, basements or confined areas.

Small Spills: Wipe up with absorbent material (e.g. cloth, fleece). Clean surface thoroughly to remove residual contamination.

Never return spills to original containers for re-use. Absorb or cover with dry earth, sand or other non-combustible material and transfer to containers. Ventilate area and avoid breathing vapors or mist. For large spills, dike far ahead of liquid spill for later disposal. Do not release into sewers or waterways.

**Environmental precautions** 

Avoid discharge into drains, water courses or onto the ground.

## 7. Handling and storage

Precautions for safe handling

Avoid prolonged exposure. Use only in well-ventilated areas. Hydrogen sulfide, a very highly toxic gas, may be present with this material. Keep face clear of tank and/or tank car openings. Good personal hygiene is necessary. Wash hands and contaminated areas with water and soap before leaving the work site.

Conditions for safe storage, including any incompatibilities

Prevent electrostatic charge build-up by using common bonding and grounding techniques. Store in original tightly closed container. Store in a well-ventilated place. Do not allow material to freeze.

# 8. Exposure controls/personal protection

#### **Occupational exposure limits**

**US. ACGIH Threshold Limit Values** 

Components	Туре	Value	Form	
ASPHALT (CAS 8052-42-4)	TWA	0.5 mg/m3	Inhalable fume.	

Material name: HIHMA 15% Concentrate
7024 Version #: 01 Issue date: 08-25-2020

US. NIOSH: Pocket Guide to Chemical Hazards
Components Type

ASPHALT (CAS 8052-42-4) Ceiling 5 mg/m3 Fume.

**Biological limit values**No biological exposure limits noted for the ingredient(s).

Appropriate engineering

No biological exposure littles floted for the ingredient(s).

controls

Provide adequate ventilation, including appropriate local extraction, to ensure that the defined

Value

**Form** 

occupational exposure limit is not exceeded.

Individual protection measures, such as personal protective equipment

**Eye/face protection** Wear safety glasses; chemical goggles (if splashing is possible).

Skin protection

**Hand protection** Chemical resistant gloves are recommended. If contact with forearms is likely wear quuntlet style

gloves.

**Other** Wear appropriate clothing to prevent any possibility of liquid contact and repeated or prolonged

vapor contact. Plastic or rubber gloves and boots.

**Respiratory protection** When workers are facing concentrations above the exposure limit they must use appropriate

certified respirators.

**Thermal hazards** Wear appropriate thermal protective clothing, when necessary.

General hygiene considerations

Always observe good personal hygiene measures, such as washing after handling the material and

before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment to

remove contaminants.

# 9. Physical and chemical properties

**Appearance** Brown to black in color.

Physical state Liquid.

**Form** Semi-solid at ambient temperature

Color Black.
Odor Tar-like
Odor threshold Not available.
PH Not available.
Melting point/freezing point Not available.

Initial boiling point and

boiling range

> 700 °F (> 371.11 °C)

**Flash point** > 446.0 °F (> 230.0 °C) Open Cup

Evaporation rate Not available.

Flammability (solid, gas) Not available.

Upper/lower flammability or explosive limits

Flammability limit - lower

Not available.

(%)

Flammability limit -

upper (%)

Not available.

**Explosive limit - lower** 

(%)

Not available.

**Explosive limit - upper** 

(%)

Not available.

**Vapor pressure** < 1 mm Hg at 70°F

**Vapor density** > 5

**Relative density** 0.96 - 1.06

Solubility(ies)

Solubility (water) Insoluble

Partition coefficient Not available.

(n-octanol/water)

**Auto-ignition temperature** > 700 °F (> 371.11 °C)

**Decomposition temperature** Not available. **Viscosity** Not available.

## 10. Stability and reactivity

**Reactivity**The product is stable and non-reactive under normal conditions of use, storage and transport

**Chemical stability** Stable under normal temperature conditions. **Possibility of hazardous** Hazardous polymerization does not occur.

reactions

products

**Conditions to avoid** Avoid temperatures exceeding the flash point. Contact with incompatible materials. Do not overheat

product.

**Incompatible materials** Strong oxidizing agents.

Hazardous decomposition Upor

Upon decomposition, this product may yield sulfur dioxide, carbon monoxide, carbon dioxide and/or

low molecular weight hydrocarbons. Hydrogen sulfide.

## 11. Toxicological information

## Information on likely routes of exposure

**Inhalation** Prolonged inhalation may be harmful.

**Skin contact**No adverse effects due to skin contact are expected.

**Eye contact** May be irritating to eyes.

**Ingestion** Expected to be a low ingestion hazard.

Symptoms related to the physical, chemical and toxicological characteristics

Direct contact with eyes may cause temporary irritation.

# Information on toxicological effects

**Acute toxicity** Not available.

**Skin corrosion/irritation** Prolonged skin contact may cause temporary irritation.

Serious eye damage/eye

irritation

May be irritating to eyes.

## Respiratory or skin sensitization

**Respiratory sensitization** Not available.

**Skin sensitization** Prolonged skin contact may cause temporary irritation.

**Germ cell mutagenicity** Not available.

Carcinogenicity

## IARC Monographs. Overall Evaluation of Carcinogenicity

ASPHALT (CAS 8052-42-4) 2B Possibly carcinogenic to humans.

## OSHA Specifically Regulated Substances (29 CFR 1910.1001-1052)

Not regulated.

## US. National Toxicology Program (NTP) Report on Carcinogens

Not listed.

**Reproductive toxicity** Not available. **Specific target organ toxicity** Not available.

- single exposure

Specific target organ toxicity

- repeated exposure

Not available.

**Aspiration hazard** Not available.

## 12. Ecological information

**Ecotoxicity** No ecotoxicity data noted for the ingredient(s).

**Persistence and degradability** No data is available on the degradability of this product.

**Bioaccumulative potential** Not available. **Mobility in soil** Not available.

Other adverse effects No other adverse environmental effects (e.g. ozone depletion, photochemical ozone creation

potential, endocrine disruption, global warming potential) are expected from this component

Material name: HIHMA 15% Concentrate 7024 Version #: 01 Issue date: 08-25-2020

## 13. Disposal considerations

**Disposal instructions**Collect and reclaim or dispose in sealed containers at licensed waste disposal site. Dispose in

accordance with all applicable regulations. No components are identified as hazardous wastes.

Disposal recommendations are based on uncontaminated material.

Local disposal regulations

Dispose in accordance with all applicable regulations.

Hazardous waste code

The waste code should be assigned in discussion between the user, the producer and the waste

disposal company. Not applicable.

Waste from residues / unused products

Dispose of in accordance with local regulations. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe manner (see: Disposal

instructions). Avoid discharge into water courses or onto the ground.

**Contaminated packaging** Empty containers should be taken to an approved waste handling site for recycling or disposal.

Since emptied containers may retain product residue, follow label warnings even after container is

emptied.

## 14. Transport information

#### DOT

Not regulated as dangerous goods.

#### **IATA**

Not regulated as dangerous goods.

#### **IMDG**

Not regulated as dangerous goods.

Transport in bulk according to Not available.

Annex II of MARPOL 73/78

and the IBC Code

## 15. Regulatory information

#### **US federal regulations**

TSCA Section 12(b) Export Notification (40 CFR 707, Subpt. D)

Not regulated.

**CERCLA Hazardous Substance List (40 CFR 302.4)** 

ASPHALT (CAS 8052-42-4) Listed.

## SARA 304 Emergency release notification

Not regulated.

## OSHA Specifically Regulated Substances (29 CFR 1910.1001-1052)

Not regulated.

## Superfund Amendments and Reauthorization Act of 1986 (SARA)

## **SARA 302 Extremely hazardous substance**

Not listed.

**SARA 311/312** Yes

**Hazardous chemical** 

**Classified hazard** Flammable (gases, aerosols, liquids, or solids) **categories** Hazard not otherwise classified (HNOC)

## SARA 313 (TRI reporting)

Not regulated.

## Other federal regulations

## Clean Air Act (CAA) Section 112 Hazardous Air Pollutants (HAPs) List

Not regulated.

#### Clean Air Act (CAA) Section 112(r) Accidental Release Prevention (40 CFR 68.130)

Not regulated.

Safe Drinking Water Act Not regulated.

(SDWA)

## **US state regulations**

## **California Proposition 65**

## California Proposition 65 - CRT: Listed date/Carcinogenic substance

ASPHALT (CAS 8052-42-4) Listed: January 1, 1990

# US. California. Candidate Chemicals List. Safer Consumer Products Regulations (Cal. Code Regs, tit. 22, 69502.3, subd. (a))

ASPHALT (CAS 8052-42-4)

#### **International Inventories**

Country(s) or region	Inventory name	On inventory (yes/no)*	k
Australia	Australian Inventory of Chemical Substances (AICS)	Yes	S
Canada	Domestic Substances List (DSL)	Yes	S
Canada	Non-Domestic Substances List (NDSL)	No	o
China	Inventory of Existing Chemical Substances in China (IECSC)	Yes	S
Europe	European Inventory of Existing Commercial Chemical Substances (EINECS)	Yes	S
Europe	European List of Notified Chemical Substances (ELINCS)	No	o
Japan	Inventory of Existing and New Chemical Substances (ENCS)	Yes	S
Korea	Existing Chemicals List (ECL)	Yes	S
New Zealand	New Zealand Inventory	Yes	S
Philippines	Philippine Inventory of Chemicals and Chemical Substances (PICCS)	Yes	S
Taiwan	Taiwan Chemical Substance Inventory (TCSI)	Yes	s
United States & Puerto Rico	Toxic Substances Control Act (TSCA) Inventory	Yes	S

<sup>\*</sup>A "Yes" indicates that all components of this product comply with the inventory requirements administered by the governing country(s)

A "No" indicates that one or more components of the product are not listed or exempt from listing on the inventory administered by the governing country(s).
