

# **SAFETY DATA SHEET**

# 1. Identification

| Product identifier              | STC-940        |
|---------------------------------|----------------|
| Other means of identification   | Not available. |
| Recommended use                 | Not available. |
| <b>Recommended restrictions</b> | None known.    |

## Manufacturer/Importer/Supplier/Distributor information

Manufacturer

| Company Name<br>Address               | Ergon Armor<br>2829 Lakeland Drive<br>Jackson, MS 39232<br>USA |                              |
|---------------------------------------|--|------------------------------|
| After hours telephone<br>number       | 1-800-222-7122   |                              |
| Normal work hours<br>telephone number | 1-877-982-7667   |                              |

| E-mail                                | sds@ergon.com  |                              |
| Emergency 24-hour<br>telephone number | CHEMTREC: North America 1-800-424-9300                         | International 1-800-527-3887 |
| Information on operation hours        | 8:00 a.m. to 5:00 p.m.   |                              |

# 2. Hazard(s) identification

| Physical hazards                             | Not classified.  |
|--|--|
| Health hazards                               | Not classified.  |
| Environmental hazards                        | Not classified.  |
| OSHA defined hazards                         | Not classified.  |
| Label elements                               |  |
| Hazard symbol                                | None.  |
| Signal word                                  | None.  |
| Hazard statement                             | The mixture does not meet the criteria for classification. |
| Prevention                                   | Not available.   |
| Response                                     | Not available.   |
| Storage                                      | Not available.   |
| Disposal                                     | Not available.   |
| Hazard(s) not otherwise<br>classified (HNOC) | None known.  |
| Supplemental information                     | Not applicable.  |

# 3. Composition/information on ingredients

# Mixtures

| Chemical name  | Common name and synonyms   | CAS number | %       |
|--|--|------------|---------|
| STYRENE ACRYLIC COPOLYMER                                | R  | 25085-34-1 | 20 - 40 |
| 4. First-aid measures                                    |  |            |         |
| Inhalation   | Move to fresh air. Call a physician if symptoms develop or persist.                      |            |         |
| Skin contact   | Wash off with soap and water. Get medical attention if irritation develops and persists. |            |         |
| Eye contact  | Rinse with water. Get medical attention if irritation develops and persists.             |            |         |
| Ingestion  | Rinse mouth. Get medical attention if symptoms   | occur.     |         |
| Most important<br>symptoms/effects, acute and<br>delayed | Direct contact with eyes may cause temporary in  | ritation.  |         |

| Indication of immediate<br>medical attention and special | Treat symptomatically.  |
|--|-------------------------|
| treatment needed   |                         |
| General information                                      | Ensure that medical per |

Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves.

# 5. Fire-fighting measures

| Suitable extinguishing media  | Water fog. Foam. Dry chemical powder. Carbon dioxide (CO2).                                   |
|---|---|
| Unsuitable extinguishing media                                      | Do not use water jet as an extinguisher, as this will spread the fire.                        |
| Specific hazards arising from the chemical                          | During fire, gases hazardous to health may be formed.   |
| Special protective equipment<br>and precautions for<br>firefighters | Self-contained breathing apparatus and full protective clothing must be worn in case of fire. |
| Fire-fighting<br>equipment/instructions                             | Move containers from fire area if you can do so without risk.                                 |
| Specific methods  | Use standard firefighting procedures and consider the hazards of other involved materials.    |
| General fire hazards  | No unusual fire or explosion hazards noted.   |

### 6. Accidental release measures

| Personal precautions,<br>protective equipment and<br>emergency procedures | Keep unnecessary personnel away. For personal protection, see section 8 of the SDS.  |
|---|--|
| Methods and materials for<br>containment and cleaning up                  | Large Spills: Stop the flow of material, if this is without risk. Dike the spilled material, where this is possible. Cover with plastic sheet to prevent spreading. Absorb in vermiculite, dry sand or earth and place into containers. Following product recovery, flush area with water. |
|   | Small Spills: Wipe up with absorbent material (e.g. cloth, fleece). Clean surface thoroughly to remove residual contamination.   |
|   |  |

Never return spills to original containers for re-use. For waste disposal, see section 13 of the SDS. Avoid discharge into drains, water courses or onto the ground.

### 7. Handling and storage

**Environmental precautions** 

Precautions for safe handlingObserve good industrial hygiene practices.Conditions for safe storage,<br/>including anyKeep container tightly closed in a cool, well-ventilated place. Protect from freezing. Store between<br/>5°C (41°F) and 38°C (100°F). Use care in handling/storage.

## 8. Exposure controls/personal protection

| Occupational exposure limits        | No exposure limits noted for ingredient(s).   |
|-------------------------------------|---|
| Biological limit values             | No biological exposure limits noted for the ingredient(s).  |
| Appropriate engineering<br>controls | Good general ventilation (typically 10 air changes per hour) should be used. Ventilation rates should be matched to conditions. If applicable, use process enclosures, local exhaust ventilation, or other engineering controls to maintain airborne levels below recommended exposure limits. If exposure limits have not been established, maintain airborne levels to an acceptable level. |
| Individual protection measure       | s, such as personal protective equipment  |
| Eye/face protection                 | If contact is likely, safety glasses with side shields are recommended.   |
| Hand protection                     | For prolonged or repeated skin contact use suitable protective gloves.  |
| Skin protection                     |   |
| Other                               | Wear suitable protective clothing.  |
| <b>Respiratory protection</b>       | In case of insufficient ventilation, wear suitable respiratory equipment.   |
| Thermal hazards                     | Wear appropriate thermal protective clothing, when necessary.   |
| General hygiene<br>considerations   | Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment to  |

# 9. Physical and chemical properties

| Appearance     | Brown to black in color. |
|----------------|--------------------------|
| Physical state | Liquid.                  |
| Form           | Liquid.                  |

remove contaminants.

Material name: STC-940

| Color  | Black                      |  |
|--|----------------------------|--|
| Odor   | Ether-like.                |  |
| Odor threshold                               | Not available.             |  |
| рН   | Not available.             |  |
| Melting point/freezing point                 | 30 °F (-1.11 °C)           |  |
| Initial boiling point and<br>boiling range   | 212 °F (100 °C)            |  |
| Flash point                                  | > 300.0 °F (> 148.9 °C)    |  |
| Evaporation rate                             | Not available.             |  |
| Flammability (solid, gas)                    | Not available.             |  |
| Upper/lower flammability or explosive limits |                            |  |
| Flammability limit - lower<br>(%)            | Not available.             |  |
| Flammability limit -<br>upper (%)            | Not available.             |  |
| Explosive limit - lower<br>(%)               | Not available.             |  |
| Explosive limit - upper<br>(%)               | Not available.             |  |
| Vapor pressure                               | Not available.             |  |
| Vapor density                                | Not available.             |  |
| Relative density                             | Not available.             |  |
| Solubility(ies)                              |                            |  |
| Solubility (water)                           | Not available.             |  |
| Partition coefficient<br>(n-octanol/water)   | Not available.             |  |
| Auto-ignition temperature                    | Not available.             |  |
| Decomposition temperature                    | Not available.             |  |
| Viscosity                                    | Not available.             |  |
| Other information                            |                            |  |
| Density                                      | 8.50 lb/gal                |  |
| VOC (Weight %)                               | 32 g/l<br>69.5 % estimated |  |

# 10. Stability and reactivity

| Reactivity                            | The product is stable and non-reactive under normal conditions of use, storage and transport. |
|---------------------------------------|---|
| Chemical stability                    | Material is stable under normal conditions.   |
| Possibility of hazardous<br>reactions | No dangerous reaction known under conditions of normal use.                                   |
| Conditions to avoid                   | Contact with incompatible materials.  |
| Incompatible materials                | Strong oxidizing agents.  |
| Hazardous decomposition<br>products   | No hazardous decomposition products are known.  |

# 11. Toxicological information

### Information on likely routes of exposure

| Ingestion  | Expected to be a low ingestion hazard.                   |
|--|--|
| Inhalation   | No adverse effects due to inhalation are expected.       |
| Skin contact   | No adverse effects due to skin contact are expected.     |
| Eye contact  | Direct contact with eyes may cause temporary irritation. |
| Symptoms related to the physical, chemical and toxicological characteristics | Direct contact with eyes may cause temporary irritation. |

### Information on toxicological effects

| Acute toxicity            | Not available.   |
|---------------------------|--|
| Skin corrosion/irritation | Prolonged skin contact may cause temporary irritation. |

| Serious eye damage/eye<br>irritation                               | Direct contact with eyes may cause temporary irritation.   |
|--|--|
| Respiratory or skin sensitization                                  | on   |
| <b>Respiratory sensitization</b>                                   | Not available.   |
| Skin sensitization   | This product is not expected to cause skin sensitization.  |
| Germ cell mutagenicity   | No data available to indicate product or any components present at greater than 0.1% are mutagenic or genotoxic. |
| Carcinogenicity  | This product is not considered to be a carcinogen by IARC, ACGIH, NTP, or OSHA.                                  |
| US. OSHA Specifically Regulated Substances (29 CFR 1910.1001-1050) |  |
| Not listed.  |  |
| Reproductive toxicity  | This product is not expected to cause reproductive or developmental effects.                                     |
| Specific target organ toxicity<br>- single exposure                | Not classified.  |
| Specific target organ toxicity<br>- repeated exposure              | Not classified.  |
| Aspiration hazard  | Not available.   |
| 12. Ecological informatio  | in and the second se  |

## 12. Ecological information

| Ecotoxicity                      | The product is not classified as environmentally hazardous. However, this does not exclude the possibility that large or frequent spills can have a harmful or damaging effect on the environment. |
|----------------------------------|--|
| Persistence and degradability    | No data is available on the degradability of this product.   |
| <b>Bioaccumulative potential</b> | No data available.   |
| Mobility in soil                 | No data available.   |
| Other adverse effects            | No other adverse environmental effects (e.g. ozone depletion, photochemical ozone creation potential, endocrine disruption, global warming potential) are expected from this component.            |

## 13. Disposal considerations

| Disposal instructions                    | Collect and reclaim or dispose in sealed containers at licensed waste disposal site.   |
|--|--|
| Local disposal regulations               | Dispose in accordance with all applicable regulations.   |
| Hazardous waste code                     | The waste code should be assigned in discussion between the user, the producer and the waste disposal company.   |
| Waste from residues /<br>unused products | Dispose of in accordance with local regulations. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe manner (see: Disposal instructions). |
| Contaminated packaging                   | Empty containers should be taken to an approved waste handling site for recycling or disposal.<br>Since emptied containers may retain product residue, follow label warnings even after container is<br>emptied. |

## 14. Transport information

### DOT

Not regulated as dangerous goods.

# ΙΑΤΑ

Not regulated as dangerous goods.

# IMDG

Not regulated as dangerous goods.

Transport in bulk according to Not available. Annex II of MARPOL 73/78 and the IBC Code

# 15. Regulatory information

**US federal regulations** All components are on the U.S. EPA TSCA Inventory List.

# TSCA Section 12(b) Export Notification (40 CFR 707, Subpt. D)

Not regulated.

# CERCLA Hazardous Substance List (40 CFR 302.4)

Not listed.

US. OSHA Specifically Regulated Substances (29 CFR 1910.1001-1050) Not listed.

#### Superfund Amendments and Reauthorization Act of 1986 (SARA)

#### **Hazard categories**

Immediate Hazard - No Delayed Hazard - No Fire Hazard - No Pressure Hazard - No Reactivity Hazard - No

### SARA 302 Extremely hazardous substance

Not listed.

SARA 311/312 No Hazardous chemical

#### SARA 313 (TRI reporting)

Not regulated.

### Other federal regulations

#### Clean Air Act (CAA) Section 112 Hazardous Air Pollutants (HAPs) List

Not regulated.

#### Clean Air Act (CAA) Section 112(r) Accidental Release Prevention (40 CFR 68.130)

Not regulated.

Safe Drinking Water Act Not regulated. (SDWA)

### **US state regulations**

#### **US. Massachusetts RTK - Substance List**

Not regulated.

US. New Jersey Worker and Community Right-to-Know Act

Not regulated.

### US. Pennsylvania RTK - Hazardous Substances Not regulated.

### **US. Rhode Island RTK**

Not regulated.

### **US. California Proposition 65**

California Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65): This material is not known to contain any chemicals currently listed as carcinogens or reproductive toxins.

### **International Inventories**

| Country(s) or region        | Inventory name   | On inventory (yes/no)* |
|-----------------------------|--|------------------------|
| Australia                   | Australian Inventory of Chemical Substances (AICS)                     | Yes                    |
| Canada                      | Domestic Substances List (DSL)   | Yes                    |
| Canada                      | Non-Domestic Substances List (NDSL)                                    | No                     |
| China                       | Inventory of Existing Chemical Substances in China (IECSC)             | Yes                    |
| Europe                      | European Inventory of Existing Commercial Chemical Substances (EINECS) | No                     |
| Europe                      | European List of Notified Chemical Substances (ELINCS)                 | No                     |
| Japan                       | Inventory of Existing and New Chemical Substances (ENCS)               | Yes                    |
| Korea                       | Existing Chemicals List (ECL)  | Yes                    |
| New Zealand                 | New Zealand Inventory  | Yes                    |
| Philippines                 | Philippine Inventory of Chemicals and Chemical Substances (PICCS)      | Yes                    |
| United States & Puerto Rico | Toxic Substances Control Act (TSCA) Inventory                          | Yes                    |

\*A "Yes" indicates that all components of this product comply with the inventory requirements administered by the governing country(s) A "No" indicates that one or more components of the product are not listed or exempt from listing on the inventory administered by the governing country(s).
